Nikon

Z fc

Classic. Tactile. Modern.

Designed in the spirit of classic Nikon cameras.

An iconic look and feel. The atmosphere of the FM2 lives on in the Z fc's overall bodysize, as well as the balance and positioning of each part. The back of the camera monitor features leather-like grain to recreate the feel of a film camera.

Wherever you go, whatever your style. The Z fc's design fits all kinds of styles and scenes while retaining a compact, lightweight form: You'll want to take it with you wherever you go. The basic Z fc kit with the 16-50mm lens weighs less than a 600-ml plastic bottle of water, while its flat design without a grip makes it easier to slip the camera in and out of your bag, even with the kit lens attached. Whether in your bag or over your shoulder, the Z fc is a great companion for your everyday creativity.

Your color, your style. Choose a color to express yourself.
